Dear Michelle

Thank you so much for attending the AGM of the Club Management Institute of New Zealand in Auckland last week.

Your presentation was excellent and very thought-provoking for our members. It is always difficult to follow a lively keynote speaker, but through humour, positivity and the relevance of your message to our members you easily succeeded in keeping their interest and attention.

There have been many positive comments made by those who attended and your input into the day as a whole helped immeasurably to achieve what was undoubtedly our most successful meeting to date.

I look forward to a long and influential relationship between OOPS and our young Institute.

Best regards
Yours sincerely
